Technical data sheet

Cable tray RKS-Magic® 60 FS

Item number: 6047630

Cable tray with integrated quick fastening system. The usable length of the cable tray is 3,000 mm.

The cable tray has continuous side perforations of 7 x 20 mm for the installation of additional connection and mounting components.

The perforation for direct threaded rod suspension has a diameter of 11 mm. Continuous equipotential bonding is guaranteed without additional components. Magnetic shield insulation without cover 20 dB, with cover 50 dB. The cable tray is tested for the maintenance of electrical function, tested according to DIN 4102 Part 12 and for mounting above suspended fire protection ceilings (each for tray widths 100 - 400 mm).

The mounting version and parameters correspond to the valid certificates.

You can find additional information in our fire protection systems catalogue.
